TO WHOM IT MAY CONCERN

This letter is to inform the Haitian Martial Arts community the decision of the American Federation of Martial Arts (AFMA) located in the United States to open a branch in Haiti. Kyoshi, Mario Arthur, will be traveling to Haiti in July to install the local board and discuss the policies and procedures around th Organization. Our objective is simple: Promote the martial arts in Haiti like we are doing in 30 countries in Latin America.

We wish good luck to the new board with hope to see them in the future.

Sincerely,

Adolfo Ennever, Soke
Executive Director AFMA
